

Faringdon & District u3a Chairman's Annual Report 2025

Our u3a has seen another successful year with Membership steady and I am pleased to be able to report that our new Treasurer is able to present the accounts to you today complete inspected and healthy. I am deeply indebted to David O'Connor for taking over a somewhat muddy set and showing that once the mud was cleared the numbers were correct - if not perhaps in the right order as they say. I feel sure we are in safe hands.

Looking to the future your committee has determined that given the structure that we have as a u3a we have much to offer to a broader section of the population than has been our traditional recruitment ground. There never has been any lower age limit to membership but our traditional 10 o'clock to 4 o'clock Monday to Friday pattern has excluded many people for whom we can offer an experience which can be modified to accommodate those who work full-time, part-time, whether from home or not. This will not be a simple transition, but we feel that it will strengthen our u3a.
